## EDUCATION

### Sathyabama institute of science and technology

BE - CSE specialization in AI  
2021 - 2025  
Secured CGPA : 8.00

### Narayana junior collage

MPC (2019 - 2021)  
SSC (class XII) : 93.3 %  
SSC (class X) GPA : 9.00

## TECHNICAL SKILLS

- Python
- Data Structures
- My SQL
- Html, CSS
- Machine Learning
- Deep learning
- NLP

## CERTIFICATIONS

- AI Internship from corizo (07/2023 - 08/2023)
- SQL & Python from Imarticus (07/2023 - 09/2023)
- web development from Internshala (10/2022 - 12/2022)
- NLP from ntellipaat

## PROFESSIONAL EXPERIENCE

### 1. Artificial intelligence Internship

Corizo | 07/2023 - 08/2023,

- Role as team leader for project (Cardio vascular disease detection)

### 2. Machine learning Internship

Coding samurai | 10/2023 - 12/2023,

- Develop AI ML Face Mask detection detection)

## PROJECTS

- **NLP Food chat-box:**  
Developed a user-friendly NLP-based chatbox for food queries leveraging machine learning to provide the personalized recipe suggestions, nutritional insights, and restaurant recommendations, enhancing culinary exploration and user engagement
- **Diabetes prediction**  
Worked on multi-label classifier (Decision trees)
- **Cardio vascular disease detection -**  
worked on Gradient boosting models and used (Xg boost) algorithm

## LANGUAGES

- Telugu
- English

## INTERESTS

- Coding
- Exploring web
- Music
